This clear and concise textbook is an invaluable guide for students embarking on their social work placements. Packed with tips, quotes, activities and illustrations, it offers coherent advice on how to get the best out of practice learning opportunities, as well as an insight into students' perspectives for practice assessors, lecturers and practitioners. Following the process of placement, the book guides students through their preparation for practice placement modules by presenting helpful ideas and practical advice on how to overcome potential challenges and make the most of the opportunities offered to students on their placements. Written by experienced academics, this is an essential companion for students at any stage in their social work course, as well as those studying other areas of health and social care practice.
